"My experience with Dewayne was fabulous! I was a bit (ok, a lot) nervous about someone I didn't really know coming into my home to critique my wardrobe. After 5 minutes, I felt completely at ease with Dewayne and knew I was in good hands. I really appreciated the way he walked me through everything, from his background and how he came to be a stylist, to what my needs and wants were, to what image was I wanting to portray to the world. I've had many compliments on my look since working with Dewayne, and I will continue to take advantage of his services for years to come! Thanks Dewayne!"

"Dewayne is an amazing transformer! The experience of working with Dewayne from the initial closet analysis to the very end of him bringing me some fantastic new outfits was a pleasure and painless! His eye for making each woman's unique frame look great is worth every penny he charges. He has a gift for knowing how to make a woman look great, and the process is fun! You will never be the same after you work with him. You can't help but look fantastic with his help!"

"From Paris to Milan, from New York to London, from the golf course to the boardroom, from the Urban to the Suburban. Whether you're a man, woman, boy, or girl. Dwayne's style-sense meets no boundaries. He can transform your closet into a wardrobe that any runway model would envy—no matter your budget. There's no one I trust more to accentuate and enhance my personal flavor to give me the look that stays true to his motto, "make'em look twice". I love the look man, and my wife can't wait for her consultation. Much love."
